Time to Experience Luxury, Espacio – The Jewel of Waikiki

A new hotel under Aqua-Aston Hospitality opens. Guests enjoy privacy with the new design concept of the hotel, one suite per floor.

HONOLULU (Aug. 15, 2022) – Espacio – The Jewel of Waikiki, a new hotel under Aqua-Aston Hospitality will be grandly opened on Sept. 7. Espacio is in Honolulu on Waikiki Beach, and it is designed with a new concept of providing luxury accommodations with only nine floors and just one suite per floor.

Espacio is a hotel that strives to provide the ultimate luxury and privacy experience in Honolulu. Each suite includes a balcony Jacuzzi and the indoor dry sauna, guests can enjoy the high-privacy massage and relax anytime. Homemade carpets from China and metalwork from Morocco are also provided for guests to experience “luxury” in every single detail.

Theresa van Greunen, the director of PR of Aqua-Aston Hospitality claims the opening of Espacio would be good news for parents having children. "It is a paradise for families with kids. Since there is only one suite per floor, noise becomes a less serious problem. More importantly, no connecting rooms exist, thus parents can look after children easily." She believes the guests will have the same feeling as her once they have experienced Espacio.

To provide our guests with a first-ever experience of luxury and privacy, Espacio provides the following amenities:

- Rooftop infinity swimming pool, whirlpool, and sundeck
- Private chef experience
- Mugen restaurant - French-Japanese dining
- Spa treatment
- Bishop Museum and Honolulu Museum of Art admission for registered guests and children
- Gourmet rooftop barbecue station
- Special pricing offer - \$2,500/night for bookings between Oct. 1 – Dec. 31
